

## Ideation Phase

### Empathize & Discover

Date	18 October 18, 2023
Team ID	592885
Project Name	POTATO DISEASE CLASSIFICATION
Maximum Marks	4 Marks

#### **Empathy Map Canvas:**

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.

It is a useful tool to help teams better understand their users.

Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.
